

This week we have a fun “car lover’s” prayer! If you think of other car parts or ways to pray, feel free to make changes. Here is one suggestion for a prayer that will remind you of the race set before us and how you can create a perfect prayer vehicle to keep you focused on Jesus Christ’s Great Commission for our lives!

- Engine—pray for power and energy
- Wheels—pray that God will keep you moving forward
- Windshield—pray that you will clearly see that God has a plan for your life
- Steering wheel—pray that God will guide you and keep you on the right path
- Seat—pray that you will know the comfort of God’s love
- Brake—pray that God will help stop you from making bad choices
- Seat belt—pray that God will hold you tight
- Headlights—pray that you will always see the “light of Christ” and follow it

Beloved, I do not consider that I have made it my own; but this one thing I do: forgetting what lies behind and straining forward to what lies ahead, I press on toward the goal for the prize of the heavenly call of God in Christ Jesus. Philippians 3:13 and 14

In our Scripture this week, the believers prayed for boldness. They asked God to give them strength to speak out. Praying for strength is still a very necessary thing for us as Christians to do today.

It can be hard to speak boldly about our faith. We often worry what other people will think or wonder what we will do if they ask us hard questions that we don't know the answer to.

Our call is to share the news of Jesus Christ, even when it's not easy to do. This week, choose one friend who you can talk to about Jesus and share how being a Christian makes you feel. Ask your friend if they have a relationship with Jesus. If not, offer to tell them more about your faith. If they do have a strong relationship with Jesus ask them to join you in sharing your faith with others!

Family Fun!

This week, you are going to design a "family race car". You don't actually have to build it, just create a design that you think would be a great race car for running the race that Jesus has set out for us.

Get your family members together and brainstorm ideas for what your car would need to really compete in this race. As you are coming up with ideas, think about what type of "race" your car will be in and what challenges the car will need to overcome.

- Will your car need great suspension since it will be a "rough track"?
- Who will be the sponsor whose name is painted on your car?
- Will you need a huge gas tank for a very long race?
- Will your car have special engine modifications? What and why?

After you have come up with ideas for your car, work together to draw the perfect car for the race we are running. Hang your picture on the refrigerator where you will be reminded of what it takes to win the race!
