

You can be a great pit crew member just by giving encouragement and support to others. Think about three friends who could use a pit crew member. Who are they are what are you going to do to help them win the race? Write down their names and what your pit crew role was for them:

Who's in Your
 Pit Crew?

May 3rd

Beloved, I do not consider that I have made it my own; but this one thing I do: forgetting what lies behind and straining forward to what lies ahead, I press on toward the goal for the prize of the heavenly call of God in Christ Jesus. Philippians 3:13 and 14

Thursday:
Acts 8:35-37
Friday:
Acts 8:38-39
Saturday:
Acts 8:40

It is easy to forget what we learn each week in our Scripture reading. This week, you are challenged to find visual reminders for yourself about the race we are in to share the good news.

Pick a type or color of car as your visual for the week. Tell your family members what you have chosen and ask them to help you by pointing out your reminder cars as they see them on the road.

Each time you see your visual reminder, say a prayer that one of your friends who doesn't know Jesus will start to have a relationship with Him. You can choose a different friend to pray for each time.

You might want to share with your friend that you said a prayer for them. Have fun and remember to watch for cars!

Grow It

Family Fun!

This week, you are going to design a “family race car”. You don't actually have to build it, just create a design that you think would be a great race car for running the race that Jesus has set out for us.

Get your family members together and brainstorm ideas for what your car would need to really compete in this race. As you are coming up with ideas, think about what type of “track” your car will be racing on and what challenges the car will need to overcome.

- Will your car need great suspension since it will be a “rough track”?
- Who will be the sponsor whose name is painted on your car?
- Will you need a huge gas tank for a very long track?
- Will your car have special engine modifications? What and why?

After you have come up with ideas for your car, work together to draw the perfect car for the race we are running. Hang your picture on the refrigerator where you will be reminded of what it takes to win the race!
